Bids on big library job due today

Plans are being made to add to the present Maxwell Library.

When the Maxwell Library addition is completed, approximately in Aug., 1966, there will be room for three times as many volumes and seating for at least six times as many readers.

THIS WAS indicated by the architect when the state Department of Education announced it would open bids in St. Paul today, for the two- and three-story addition to Maxwell Library.

At present 130 reader spaces are available in the main reading room. Another 700 students are expected to be taken care of, totaling 830 students to be accommodated in the reading rooms. The State Legislature has appropriated \$750,000.00. Besides providing more reader space, additional shelving will be added. As a result, the library will be able to house a collection of between 120,000 to 150,000 volumes when it is completed, compared to the 64,000 volumes that it now houses.

The structure itself will be about twice the size of the present library. A two-story addition, providing a new library entrance will be built immediately east of the present building. Adjacent to it will be the three-story addition. Contrasting with the present structure, the addition will have a flat roof.

GENEROUS USE of Winona stone, as well as brick and glass, will be made in exterior construction. On the Sanborn Street side the three-story addition will have brick piers, separated by tiers of window and stone. The Johnson Street side will have the same pattern on either end, with a combination of wider windows and stone in the middle. This will be employed for the two-story connection. Sanborn Street patterns will be used on the north or back side.

Main reading rooms in the addition, which will be broken by island stacks, will be carpeted. Terrazzo and vinyl tile will be laid in other areas.

Some remodeling will be done in the present library. The present library entrance will be exclusively for use of book store patrons, on the first floor.

AT THE SECOND floor level a glass wall will be built to join the two reading areas. On this floor the periodical and reserve areas will be converted to other uses. They will be on the ground floor of the new addition with offices, a microfilm room, and a music listening room. The second and third floors of the addition will be similar, mostly reading and island stacks, plus specialized rooms and offices. The catalog area will be between the reading areas in the present and new buildings.

Interior walls will be exposed brick, according to Carl Graf-funder and Associates, Minneapolis, the architect for the building.

2,661 enrolled

Winona State's enrollment increased again this year to the all time high of 2,661 total students.

Of these, 2,312 are full time students, an increase of 24.3% over last year's 1,860.

THERE ARE 995 new students surpassing last year's 690 by 16%. One hundred and fifty-five of these are transfer students.

Vol. XLVII

Winona State College, Winona, Minn., Thursday, Sept. 30, 1965

No. 2

LITTLE ENGLISH . . . A billiard table in new Kryzsko Commons and College Center gets a workout. Generally the College Center occupies the first floor of the building and Kryzsko

Commons — the food service — the second story. The Center is intended for the use of students, faculty and alumni. An addition is planned for construction in the near future.

Commons, center occupied

WSC is the first of the Minnesota state colleges to have a student union. Kryzsko Commons

and college center was opened for the first time about two weeks ago.

Since the building is still not in full operation, student union director John Kane hopes to put the union facilities into full-time operation as soon as possible.

ONE OF THE outstanding features of the new union will be a Brunswick six-lane automatic bowling alley. Mr. Kane is also awaiting delivery of two television sets, ping-pong tables and a number of game tables to accommodate chess, checkers and card games.

The food service, club conference rooms, and a few of the recreational facilities are now in operation.

Campus to build high rise dorm

Plans are being made to build a 400-bed, high-rise dormitory for WSC.

The state began condemnation proceedings in district court as the first step toward acquiring land.

THE LAND IS a city block bounded by Winona, Mark, Huff and Howard Streets and directly south of the new student union food service building. It includes Dorn's IGA, which is situated at the corner of Huff and Howard Streets, and Winona Lighting Studio, Huff and Mark Streets.

There is also a coin operated locker service which enables the user to have his money automatically returned to him when he unlocks his locker.

Student managers of Kryzsko Commons are Frank Conroy and Davis Usgaard, and the employees are Sharon Groth, Larry Krichow and Bill Price.

MR. KANE COMMENTED that this is only the first of three parts of the student union. A general cafeteria and additional club rooms are tentatively scheduled for the second phase and a ball room is scheduled for the third phase.

Kryzsko Commons is open from 7:30 a. m. - 10 p. m. from Sunday through Thursday, from 7:30 a. m. - 11:30 a. m. on Fridays, and from 8:30 a. m. - 11:30 p. m. on Saturdays.

College to host Future teachers

The Minnesota Future Teachers of America conference will be held in Somsen Hall Saturday, Michael Wagner, newly elected SNEA president, announced.

More than 300 high school students will hear featured speaker Walter Larsen, president of the Minnesota Academy of Science, speak on the teaching profession. Tours of the campus will also be given by SNEA members.

Homecoming set Oct. 23; Mankato foe

Many of the preparations for the October 23 Homecoming have already been completed according to Mike Williams, co-chairman for the event.

Trophies will be given for the top three float entries shown in the parade. All entries must be from a club or recognized organization on campus, float themes must be directly connected to the homecoming football game between the Mankato Indians and the Winona Warriors, and entries must be submitted to Mike Lyons (P.O. 655) no later than October 7. Entries will later receive parade lineup information showing float positions for the parade.

THIS YEAR'S dance, "Golden Autumn," will be held for the first time in the new Student Union. The decoration theme for the semi-formal event will be a fall park scene.

Mike Williams expects an unusually high alumni turnout this year as it is the first opportunity for the alumni to see and use the new student union. All alumni may use its facilities by merely presenting their life membership cards.

The class reunions of 1939 and 1940 are also scheduled for homecoming this year. Activities for these reunions include a coffee hour at the Union from 9-12 a.m., and the parade at 10:30 a.m., the game at 1:30 p.m., a buffet dinner at the student union cafeteria at 6:30 p.m., and the dance from 9-1 p.m. All alumni are asked to make reservations for the dinner, costing \$1.75 per person, by writing to the alumni office at Winona State College no later than Oct. 18. Mrs. Glenn Anderson (Anita Sundby, 1939) and Ed Barski (1940) are in charge of the reunions.

ANYONE interested in working on one of the many committees is asked to contact Mike Williams or Mari Kaczrowski.

Students invited to apply for Danforth funds

Seniors majoring in a field of science or mathematics who are interested in a college teaching career and plan to study for their doctorate may begin making applications for the Danforth Graduate Fellowships.

To be eligible a candidate may not be over thirty years of age. It isn't necessary to have studied beyond a bachelors of science degree. A candidate should possess these qualities:

Intellectual power and academic achievements;

Personal characteristics desirable for teaching, and

Evidence of concern which ranges beyond self interest and narrow perspective.

FELLOWSHIPS ARE given for one year and are renewable for four. A single candidate may receive \$1800 a year. A married man will receive \$2200 a year plus allowances for dependants and children.

Students interested should see Dr. Howard Munson, Liaison officer, in the Phelps School Office. An examination in the verbal and quantitative categories must be taken by Nov. 13, 1965 to qualify for a 1966 fellowship.

Yearbook pictures

Sophomore and junior yearbook pictures will be taken Oct. 8 in Somsen Hall beginning at 8 a.m. Freshmen who did not have their pictures taken during Orientation should have them taken at this time.

82 students out in the "field" for turn at practice teaching

School began for the majority of WSC students on Sept. 20, but 82 students started their school year two or three weeks earlier than this. These people are student teaching in various schools in Winona and the surrounding areas.

They are as follows: Milton Abramson, Phelps; Charles Arnoldt, Winona Jefferson; Bruce Aulse, Winona Senior H. S.; Dean Bailey, Galesville; J. D. Barnette, Phelps; Nancy Barski, Winona Jefferson; Charles Becker, Winona Senior H. S.; Arlys Berning, Chatfield; Lynn Berry, Galesville; Lois Betts, Phelps; Diane Blake, Phelps; John Brenna, Caledonia; Randall Briese, Stewartville; Terrance Brostrom, Winona Senior H. S.; Donald Buehler, Rochester; Richard Byom, Trempealeau; William Canfield, Rochester; Cheryl

Clow, Phelps; Janis Cutts, Phelps; Marcia Daily, Phelps; Charles Earp, Phelps; Diane Ebert, Phelps; William Eglington, Galesville; John Engler, Winona Senior H. S.; Phyllis Ernster, Stewartville; Robert Giesler, Winona Senior H. S.; Naomi Gilbertson, Winona Central; Herbert Haack, Winona W-K; Charles Hagen, Winona W-K; Diane Hagen, Phelps;

Donald Hansen, Preston; William Hargeshelmer, Winona Senior H. S.; Donna Harms, Harmony; David Harris, Winona Jefferson; Walter Hautala, Austin; Thomas Healy, Rochester; Franklin Heatwole, Winona Lincoln; Kenneth Hick, Caledonia; Bonnis Johnson, Phelps; Diane Johnson, Preston; Dorothy Johnson, Stewartville; Gerald Johnson, Spring Grove; Laurel Johnson, Lake City; Marjorie Johnson, Winona Central;

Thomas Kalsersatt, Winona Jefferson; Paul Kelly, Rochester; Ronald Kesler, Galesville; Kenneth Kloss, Chatfield; Rose Lee, Phelps; Gloria LeTourneau, Phelps; Thomas Leuchterg, Winona Senior H. S.; Nola

Leuthner, Phelps; Margaret Lyndahl, Winona Lincoln; Bonita Madison, Galesville; Donald Manz, Winona Jefferson; William Martin, Rochester; Sandra Mau, Phelps and Winona Central;

Paula McDonald, Lake City; Robert Michaels, Ashton; Robert Miles, Plainview; Irwin Myron, Rochester; Judith Nedoba, Winona Senior H. S.; Kathleen O'Connor, Phelps; David O'Keefe, Phelps; Michael Rayfield, Winona Jefferson; Winona Senior H. S.; Stanley Riha, Winona Senior H. S.; David Rosenau, Plainview; David Ruzek, Austin;

Dolores Samuels, Phelps; Miriam Shaw, Galesville; Leo Simon, Plainview; Thomas Stallings, Winona W-K; Winona Senior H. S.; Meredith Stanekiewicz, Phelps; Robert Stone, Winona Senior H. S.; Gary Thomas, Preston; Dale Thron, Winona Senior H. S.; Nancy Turner, Rochester; Faye Wagner, Phelps; Henry Walski, PPhelps; Donald Wendland, Phelps; Mary Wendt, Winona Senior H. S.

Editorials

Library now open Friday nights

The library is open on Friday nights this year!

Last year we ran an editorial concerning the possibility of maintaining longer service hours.

AS WE realized then, and continue to realize, the solution to this problem is not as simple as it might seem. The staff was small last year, and did not have the funds attendant to supporting longer hours.

We might add that to supervise the library's extra hours on its own, last year's staff would not have any free time for relaxation. As students have already discovered, we are sure, fun and relaxation are very important.

To get around to the present situation, the library staff has grown considerably, and is better able to handle the situation. As a result the library is now open on Fridays from 6:00 until 9:30 p.m.

IT IS A FINE accomplishment, and we believe that as the college expands, as the library addition goes into use, and as funds increase, there will be still longer hours. Until that time, however, the library staff is doing the best it can to help students . . .

Switchboard problems

When the upperclassmen returned to the dorms this fall they learned that they would be required to use pay phones for all outgoing calls. They would be permitted to make outcalls on the campus phones for a week or so until otherwise notified.

This ruling was necessary because with the addition of telephone extensions in Lucas Hall and the student union, the switchboard has more lines than it can handle. To alleviate the situation it was ruled that incoming calls only could go through the switchboard.

THE RESIDENTS are still using campus phones for outgoing calls, however, and from this side of the switchboard it looks as if everything is running smoothly there. Perhaps, then, things will continue on this basis. Even if things are going smoothly now, surely with the growth of the college things will get out of hand. Imagine, for example, what things would be like if all outgoing calls at the University of Minnesota had to go through a central switchboard!

So — we've recognized the problem. The next thing to do is solve it, for while students are living here it hardly seems fair for them to pay for each call they make.

Perhaps two birds might be killed with one stone by setting up two separate city lines to the college; one line for the dormitories and student union, the other line for the rest of the campus. Each line would be directed to a different switchboard.

THIS TWO-LINE system would alleviate the problem of too many lines on one switchboard, and the students would not have to use pay phones for outgoing calls.

CORRECTION

The speaker for the general assembly for new students was not M. Henry Hull as was printed in the Sept. 23 issue of the WINONAN, and his topic was not "Beginning".

Mr. Roderick Henry spoke at the assembly on Thursday afternoon and his talk was titled "What to Expect."

President Minne, who spoke at the all college convocation on the following Monday titled his address "Beginning."

Circle K thanks all who helped with Club Night

To the Editor:

Again as in former years Circle K sponsored Club Night. This year Club Night was the best yet. Our club wants to extend a thank you to the other groups participating in Club Night. The groups active in Club Night this year were: Circle K, Warriorettes, Kappa Pi, Chess Club, Phi Sigma Epsilon, Dolphin Club, Humanities Club, Sig Tau Gamma, SAM, MENC, YMCA, IRC, WPE, WRA, Young Republicans, SNEA, Young Democrats, Winonan & Wenonah, LSA, Kappa Delta Pi, Wenonah Players, Delta Zeta, Wesley, Newman, Alpha Xi Delta, Gamma Delta, and Alpha Phi Omega.

We would also like to extend a thanks to the freshmen and transfer students who made it the success it was.

AT CLUB Night many of the various club heads were interviewed by Bob Warren, KWNO disc-jockey, who was broadcasting live between 7 and 9 p.m. The dance that followed Club Night was, disc-jockeyed by Bob, also.

Best of luck to you in this coming year in college.

Roy W. Wilsey
President, Circle K

Book review

New book tells 'moving story' of Gandhi's life

by Carl Nevils

Louis Fisher's *Gandhi* is "the deeply moving life story of the great man who led India's struggle for freedom and preached a philosophy that influenced millions throughout the world."

Because of its soul-searching and edifying qualities *Gandhi* becomes an excellent book for the college student who wishes to broaden his horizons and gain insight into the problems facing India and her neighbors today.

THE TEACHING of civil disobedience is also thoroughly discussed in the book. Civil disobedience was Gandhi's strongest weapon against tyranny and oppression, and is currently being used by various groups in the US and other countries throughout the world today.

Louis Fisher begins *Gandhi* by telling of Gandhi's humble birth and struggle to find a place in the world. He tells how the philosophy, which finally motivated Gandhi in the highlights he achieved, was slowly and diligently constructed.

Also in telling the story, Fisher gives an accurate and comprehensive account of the rising antagonism between the Hindu and Moslem religious factions in India. This antagonism, which eventually led to the beginning of Pakistan, sheds much light on the situation concerning India and Pakistan today.

IF ONE OF our aims in striving to educate ourselves is to gain a better understanding of ourselves and the world around us, then *Gandhi* should be foremost on the infinite list of books from which we extract our education.

The world 'n things . . . Immigration policy changes

by John Ross

What does a change in immigration policy mean?

In the very near future the possibility looms that the national origins quota system of our Immigration Department will be abolished. In voting last week the U. S. Senate, in fact, passed an emotion-laden issue changing the national immigration policy. If passed by the House and approved by the President, this will mean that present favoritisms toward northern and western Europe will be abolished.

THE NATIONAL origins system has been a part of immigration policy for 41 years. Under it, nations are assigned quotas on the basis of the origins of U. S. population in 1920.

The Senate bill provides an annual quota of 170,000, an increase of 11,439 for non-Western Hemisphere immigrants, with no more than 20,000 from any single country. But in addition, the Senate version of the bill includes an added limitation on immigration from Canada and South American countries.

Of the present annual immigration quota, of 158,561, England, Ireland, and Germany have an overwhelming share. England's alone is 65,361.

THE PROPOSED bill will

eliminate preference for immigrants from Europe. It claims to increase total numbers of about 7,000.

However, according to the Committee for Constitutional Government, Inc., this is misleading. They say, "... it (the bill) transfers all unused quotas into a common pot since Europe and the United Kingdom failed by 50 to 60 thousand to use their present quotas, thus adding to the number of newcomers admitted." One member of the committees also states, "I am as confident as I am alive that my fears are justified and that this amendment, if it becomes law, will be disastrous to our Nation."

On the other hand, President Johnson advocates the change, contending that the origins system is not coherent with the basic tradition of asking "not where a person comes from, but what are his qualifications," while "outmoded" is Republican Leader Everett Dirksen's description of the old system.

ABOVE ALL, however, we must remember that we are a nation of wealth, prosperity, and education and possibly we should consider that sharing these attributes may some day alleviate world problems stemming from a lack of understanding among men.

'65 grad in Peace Corps! writes of work in Africa

The following is from a letter received by Mr. and Mrs. Jaque Reidelberger:

John R. Petronek
c/o Peace Corps Office
Box 707

Monrovia, Liberia
Africa

"I am located in the town of Kolskun. It is 260 miles by road (or a nine hour jeep ride) from Monrovia, the capital.

"I teach third grade (all subjects) and a fifth grade science class. I have 31 in each grade. My third graders range in age from 7-16 and the fifth grade from 12-22—not the easiest task teaching that age span. There are four other PCV's (Peace Corps Volunteers) up here. I live with Bob Montgomery who is one of the 22 public administration PCV's in the country. We have a small seven room house down near the swamp — and outdoor latrine, kerosene stove, and an ice box. There is no electricity—we use Aladin Lamps and pressure lamps. The only electrical power is supplied by a small generator up at the District Commissioner's house on the hill.

"I TEACH at the council hall — across a gully and about two blocks up from the school. My third grade is here from 8:00 to 1:30. At about 11:15 I leave them (unsupervised) until 12:00 to go teach the science class.

"I do a lot of walking during the day. I teach them on the stage of the council hall — just can't keep away from the theater life I guess!! I teach straight through except for a recess of 45 minutes at 10:30 when we serve CARE food. Pat and I work with the volleyball team about this time.

"I certainly am hungry when I get home about 1:30. I then correct papers or get ready for my next day's or week's classes.

"SATURDAY is time for market — about eight miles up the road to Foya. (Home-made bread: four loaves for 20¢). Food in the

stores is expensive, but the open air market is cheap.

"I am located in Loffa county in Northern Liberia (1,600 feet above sea level) about 21 miles south of the Leone-Guinea border. It is not as hot as the coast or as humid — not much different than Minnesota. Now we are in the rainy season which is from May through November. We have had four days of no rain. One day, at 1:30, the temperature was 118 degrees in the sun and 82 in the shade. The following day 108 in the sun and 80 in the shade. We were lucky it hadn't rained so there was little humidity. Generally it rains in the late afternoon or at night (when it does rain).

"When there isn't a moon it is blacker than the inside of a closet, but when the moon is out it is like day.

"I TEACH in clothes I wore to college classes except my shoes are a canvas-covered, rubbered soled shoe. Hushpuppies aren't suitable for this climate — the leather would rot or the clay-like mud would ruin them.

"After school, it's shower shoes, bermudas, and no shirt."

John R. Petronek.
WSC '65

ASIS has European job openings

The American Student Information Service, with headquarters in Grand Duchy of Luxembourg, is still accepting applications from U.S. college students who wish to work in Europe this summer.

The ASIS can place students in temporary summer work in Great Britain, France, Germany, Switzerland, Italy, Spain, Sweden, Finland, Norway, Luxembourg, Belgium, Holland, Austria, Israel and Liechtenstein.

ASIS HAS 25,000 job openings within categories that include resort hotel work, office work, factory work, hospital work, child care work, ship work, construction work, farm work, sales work, and camp counseling work. Wages range to \$400 a month for the highest paying positions in West Germany and the working conditions and hours are exactly the same as those of the Europeans with whom the students work.

In most cases room and board are provided free but if not, the student worker lives independently in the city where he is working. In any case living accommodations are prearranged.

The ASIS also offers travel grants that greatly reduce the

cost of the summer in Europe. These grants can range as high as \$1,000 depending upon individual circumstances. Student applicants are also free to make their own travel arrangements to and from Europe. ASIS expects that a great many students participating in the charter flights sponsored by their school will want a summer job in Europe.

The purpose of the ASIS summer-job-in-Europe program is to provide every college student with the opportunity to see Europe, to increase his cultural knowledge through travel and at the same time to earn and save money. Students with limited budgets would not otherwise be able to see Europe. The student worker also has a golden opportunity to acquire a speaking knowledge of a foreign language.

STUDENTS INTERESTED in summer work in Europe should write to Dept. I American Student Information Service, 22 Avenue de la Liberte, Luxembourg City, Grand Duchy of Luxembourg, for the ASIS 36-page booklet which includes a complete listing and descriptions, with photographs, of jobs available

LSA resumes vesper service

The Lutheran Student Association of Winona State College has resumed vesper services on every Thursday evening at 9:00 p.m. The speakers for these meditations are the students themselves. All who come are welcome to participate. These meetings last for approximately one half hour.

On Sunday, at 6:30 p.m. a spaghetti supper was held in Fellowship Hall. Guest speaker for the evening was Reverend Hugenik, the new pastor at Central Lutheran Church. His topic was, "Where are you Going?"

Maxwell rated first

Winona State's Maxwell Library ranked first among the five Minnesota State Colleges in its book holdings, according to a survey conducted last year by a professor at Moorhead State.

Winona State had 51 percent of the quantitative holdings per enrollment recommended by the

American Library Association.

Edward Jacobsen, Maxwell librarian, expressed pleasure over the rating and said he felt Winona had a very excellent qualitative selection, too. "The credit goes to Dr. Nels Minne for making the funds available, and to the faculty for continually selecting top notch, scholarly, instructional material."

"Our total book acquisition budget this year was \$50,000, so we can afford very little fiction and recreational material. We must select academic material first always," Mr. Jacobsen concluded.

Miss Magnus attends convention

Among the speech teachers of the State of Minnesota attending the annual convention of the Speech Association of Minnesota in Minneapolis last weekend, were Miss Dorothy B. Magnus, professor of speech at Winona State and Tom Stoltman and Warren Magnuson, both of Winona High School and graduates of WSC.

The meetings were held at Richfield High School. One of the most interesting items on the program was a demonstration of the rehearsal techniques used by a director from Robbinsdale High School in the preparation of a play for state festival competition.

YRL to host county chairman

The Young Republicans have tentatively scheduled their first meeting for Oct. 11 at 7 p.m. in the Smog according to Brian Brinkmeier, president of the Club.

Brian, a junior, is making plans to have Bob Olson, chairman of the Winona County GOP, give a talk on the party, which would be followed by discussions concerning school year activities of the club and increasing its membership.

Business Administration major and economics minor, Brian also belongs to S. A. M., the only business club on campus. He extends an invitation to all those interested in the Young Republicans, whether just inquiring to see what it is like or those planning to join, to attend the first meeting.

Foreign service exams scheduled

The next written examination for the Foreign Service will be held on Dec. 4, 1965 at sites throughout the country; applications must be filed with the Board of Examiners for the Foreign Service, Department of State, Washington, before Oct. 18.

The same examination is offered candidates for both the Foreign Service of the Department of State and USIA, although candidates must specify at the time of application which agency they seek to enter. Individuals successful on the written examination will be invited to take an oral examination before a panel of senior officers during the spring.

THE DUTIES of Foreign Service Officers fall into the broad categories of political and economic reporting and analysis; consular affairs; administration; and commercial work. Entering junior officers can expect to receive experience in several of these fields and in different areas of the world, before initiating career specialization.

All candidates should be well-grounded in economics, U. S. and world history, political science and government. In addition, many applicants have specialized qualifications in administration, or in area and language studies.

NO HUNTING . . . Frank Kottschade pauses to admire the small collection of petrified

beasts located in front of Paul Watkins hall.

WSC campus hosts wildlife

While en route to one of those early morning classes, you may have discovered that the campus is being invaded by strange birds and turtles. Do not panic! Repeat . . . Do not panic! They are quite harmless.

The collection of statues, acquired by Mrs. Floretta Judson, art instructor, is a permanent loan to WSC from the city of Winona.

A FEW YEARS ago, a park in the center of town was uprooted for the purpose of providing land for the new post office building. Located in the park (among other things) was a statue of Wenonah, the Indian princess for

whom the town was named, surrounded by two types of animals found in the Mississippi valley.

The statue ensemble was designed by Ida Kimball, a New York artist, in memory of a prominent local family, the Landons. The pelicans are representative of the great white pelican which inhabits the Delta area, and turtles represent the common mud turtle which makes its home near

the Mississippi.

While the statue of Wenonah was transferred to a new location on Main Street near the lake, there was not enough room to accommodate the beasts. They faced a dim prospect of destruction or deportation when Mrs. Judson expressed her idea of salvaging them to the city council. They are now a decorative part of the Winona State campus.

YD holds first meeting Sept. 29

The Young Democrats will hold their first meeting of the new school year Wednesday, Sept.

29, 1965, at 4:00 p.m. in room 300. Election of a new vice-president is on the agenda. More publicity will be forthcoming.

Sig Tau to sell tickets

Sigma Tau Gamma Fraternity is now selling theater tickets for either of the downtown theaters, now until Oct. 8. Tickets are now selling for 65¢ each in front of the Smog and by the P. O.'s in Somsen. Proceeds go to the Russell Miller Scholarship fund.

Mimi . . .

MIRELLI FRENI sings the principal role of Mimi in the world-famed La Scala Opera Company's brilliant production of Puccini's "LA BOHEME", which will be presented here by Warner Bros. for four performances in Technicolor and newly-developed Highest Fidelity Sound at **THE STATE THEATRE** on Wed. - Thurs., Oct. 27 - 28 at 4:00 p.m. and 7:45 p.m.

Special Student Discount

We offer complete shirt, laundry and flatwork service with all work done in our local plant with a 20% cash and carry discount for students.

This is such an outstanding bargain that the garments must be brought to our plant at 118 W. 4th St., cash and carry.

We also believe you have many soiled garments in your rooms that are in need of a thorough dry cleaning and pressing. Perhaps you have been hesitant to spend the money to have them cleaned at this time. We dare you to pass up this dry cleaning special.

For a limited time we at Turner's Cleaners & Launderers will professionally clean and press the second garment FREE of CHARGE. Pay the regular Winona cleaning price for the first garment; get the second free. No limit on the number of garments.

NEW DUDS . . . Ann Finny, Jacqueline Opsahl, Susan Loeffler, Janet Wassing and Judee Fuglestad pose for a photographer before model-

ing for the annual Delta Zeta fashion show held Sept. 23. This year's theme was "Peek-A-Boo —It's 'DZ' Fashion Time!"

State gains first NIC victory

Favored Bemidji falls to Warrior hatchet

Harriers sweep River Falls; John Rahman sets record

The Warrior cross-country team continued its winning ways by trouncing River Falls State University 15-42 last Saturday at River Falls, Wisconsin.

The victory marked the second straight win this season and 10 straight dating back to 1964 and the loss to SCI.

JOHN RAHMAN SET a course record of 22:08.4 over the 4.4 miles.

Winona won the first five places giving the harriers a sweep for the 15 low points. Following Rahman were Bruce Smith, Verdon Hasleiet, Mike Anderson, and Stan Danukos. Also running for the Warriors were Bob Puetz finishing ninth and Paul Hodge 12th.

Leading the Falcons of River Falls was Woiwode placing sixth.

PACE SETTER . . . John Rahman shows the determination that has enabled him to win both cross-country meets this season. The last outing was at River Falls. Rahman set a new course record.

Yearbook sales begin Monday

The official campaign for the sale of the 1966 Wenonah will begin Monday and will extend for two weeks only.

In charge of the sale is SAM, assisted by the two sororities on campus.

ANNOUNCEMENT of the campaign was made simultaneous with the revelation that the 1965 Wenonah has been awarded a first class rating by the Associated Collegiate Press in competition with some of the best college yearbooks in the country.

The 1966 book will be bigger in two ways, in the number of pages and dimension (9 x 12 inches), said Sandy Schley, its editor. It also will have more color pages, she added. Despite all this, said Phil Gernes, Wenonah business manager, the book will sell for the same price: \$5.

But full or down payment for the book must be made during the short campaign — no later. And full payment must be made no later than registration for the winter quarter. Freshmen already purchased 300 books.

Yell leaders named at Fall tryouts

Doris Shaw and Linda Sirek won the cheerleading tryouts at Memorial Hall, Thursday, September 23.

Cindy Packard and Suzette Norelius were chosen as alternates.

THESE FOUR girls join Sue Rudeen, Pam Johnson, Sue Kniebel, Dennis Cook, and team Captain Joan Kangel as members of the cheerleading squad.

The Winona State Warriors defeated the pre-season NIC conference favorite Bemidji State 22-20 at Bemidji last Saturday.

The victory marked the third straight for Winona this season while Bemidji stands 0-3 on the year. The game was the NIC league opener for both schools.

WINONA DREW first blood by scoring two touchdowns and two two-point conversions in the first quarter.

Chuck Goerish of Winona, set up the first tally by recovering a high pass from center on an attempted punt by the Bemidji Beavers. Goerish recovered the ball on the Bemidji one-yard line.

Freshman flash William Price scored three plays later with 11:26 left in the first quarter. Archie Skemp caught Davis Usgaard's two-point conversion pass making the score 8-0, Winona.

THE WARRIORS scored again in the first quarter on Usgaard's twenty-two yard pass to Skemp. Usgaard completed another two-point conversion, this time to Larry Holsted, running the score to Winona 16, Bemidji 0.

Bemidji found the scoring column with 6:23 left on the first half with Ron DiGiacomo carrying the ball over from 2 yards out. DiGiacomo also scored the two point conversion on a run making the score at half-time, Winona 16, Bemidji 8.

After a scoreless third period, the Beavers tallied on a ten yard romp by DiGiacomo. The two point conversion attempt failed leaving the score Winona 16, Bemidji 14.

WITH 7:17 LEFT in the game, Ray (Buzz) Walsh scored for the Warriors on a 15-yard pass from Price who was running an option play. The conversion failed, leaving the score Winona 22, Bemidji 14.

DiGiacomo closed the gap for the Beavers on a five-yard run. Once again the two point conversion attempt failed, making the final score Winona 22, Bemidji 14.

The scoring difference was Winona's two conversions in three tries compared to Bemidji's lone conversion.

RON DIGIACOMO scored all 20 Bemidji points making him the leading scorer in the NIC for conference games this fall.

	W	B

A boat ride down the Mississippi, with a picnic, is planned for next Sunday.

Michigan Tech, Mankato win; tie Winona for NIC lead

In action around the NIC last weekend Michigan Tech defeated Moorhead at Houghton, Michigan, 14-7, and Mankato dumped St. Cloud State at St. Cloud 14-7.

Against Moorhead, Tom Csmarich scored both Michigan Tech touchdowns, one on a 72 yard Jay Dishnow pass and the other on a four-yard run.

MANKATO'S sophomore half-back Ed Subject returned a St. Cloud punt 89 yards for one score and fullback Archie Paulson ran 22 yards for the other touchdown. Mark Brendon scored for St.

NIC STANDINGS				
	W	L	P.O.P.	
WINONA STATE	1	0	22	20
Michigan Tech.	1	0	14	7
Mankato	1	0	14	7
Bemidji	0	1	20	22
Moorhead	0	1	7	14
St. Cloud	0	1	7	14
Winona 22, Bemidji 20				
Michigan Tech 14, Moorhead 7				
Mankato 14, St. Cloud 7				

Cloud on a one-yard plunge.

The wins by Mankato and Michigan Tech leaves them in a three way tie for the Conference lead with Winona State.

Many new faces at Wesley meeting

New faces made up the bulk of the Wesley Foundation members as the program for the 1965-66 school year was started Sunday evening, Sept. 26. Dinner, a short worship service, and the film, "White As Snow" were on the agenda. A lively discussion followed the film, which was oriented toward students just starting out their college career. Several of the ministers of Winona churches were intro-

Michigan Tech invades Maxwell Field; rain hinders WSC practices

After the first big weekend of conference action, Winona's Warriors are riding high with their "must" win over Bemidji State—the pre-season pick for the NIC crown.

Saturday at 7:30 the Michigan Tech Muskies move into Maxwell Field. Tech defeated Moorhead 14-7 in their first NIC game with Tom Csmarich scoring both touchdowns.

THIS GAME proves to be another "must" game for head-coach Madeo "Moon" Molinari's

gridders as the winner will remain in the top spot.

Unless the weather breaks, Molinari will have some problems working his squad in preparation for the Muskie game.

Molinari reported Tuesday, "We've had only four practice sessions in the past two weeks", which hurts because "being a smaller team, the big teams like Bemidji weekend will wear us down quite a bit. That wouldn't happen if we could get into bet-

ter shape by daily practice."

ON SATURDAY'S game Molinari stated "we're mudders down here and hope that Michigan Tech will find the field tough going."

The Warriors didn't receive anything by normal bumps and bruises against Bemidji and the line-up will be about the same.

Jon Gislason may see action after missing the Bemidji and Stout games from an injury sustained in the Platteville contest.
